

The Stanton planter adds a modern twist to our traditional hardwood planters. The bright stainless steel top rail brings the planter right up to date, contrasting perfectly with the classic Iroko timber. This planter is ideal for

large raised planting beds, special flower features and specimen trees.

Our standard size is 1000 mm square. Please contact us to discuss bespoke sizes and finishes.

Stanton

Planter

Size (mm): 1000 x 1000 x 870 (LWH)

Capacity: 465l

Ascot

Europlanter

Introduce more trees into your planting scheme with the innovative Ascot Europlanter. Suitable for any tree on a Euro-pallet as standard, or for other pallet sizes on request.

Use a forklift truck to put the tree into the desired location, still in its transport planter. The Ascot Europlanter is then built around the pallet with just four panels, without having to re-pot the tree. More plants can then be added around the base of the tree to create a striking tree planter in very little time. Perfect for getting multiple trees into location with minimum fuss, for when only the very best planting scheme will do.

Size (mm): 1200 x 1080 x 1000 (LWH)
