

Newforest Planter

The innovative Newforest planter has the attractive and traditional look of a wooden planter, but with the strength and durability that comes from 100% recyclable plastic. The convincing wood grain and colour effect is hard to tell apart from real hardwood, allowing you to get more for your budget. The Newforest brings the style of wood, combined with a self-watering reservoir and low ongoing maintenance.

Benefits

- The long life of a plastic planter, with the visual appeal of wood.
- Lower cost to purchase than hardwood, but provides the same attractive effect.
- Large capacity water reservoir allows watering less often than a wooden planter.
- Low on-going maintenance costs, no painting required.
- Excellent impact and fracture resistance.

Size (mm): 1000 x 1000 x 800 (LWH)

Capacity: 140l water, 211l compost

Available in oak, teak and black effects.

Introducing the Newforest in Black for a smart modern take on this popular planter.
