

Litterpicker family

The Litter Picker

The Litterpicker is tough, dependable and the world's #1 selling litter clearance hand tool.

Originating back in the 1950's, the Litterpicker has evolved over the years to become what it is today – comfortable, effective pick-up, easy to use whatever the weather or environment. Now with reflective properties, you can be seen in poor light, ensuring you are safer whether by the roadside or not.

The 85cm (33") length is designed with the optimum distance in mind for an adult to pick up litter off the floor, preventing any over-stretching or bending. It has a comfortable handle to support the user, no matter how long they are litter picking.

The Handi Hoop

The Litterpicker's best friend, the Handihoop bag opener is the tool to have if you are carrying out a clean-up – wherever you are.

The simple and lightweight hoop is easy to use, comfy to carry, and just makes any type of litter collection so much easier. Whether a volunteer, street cleansing operative, janitorial, school or landscaper, a bin bag is never going to stay open by itself. With the Handihoop, you have five robust yellow clips – visible against the standard black bin bag – which tuck into place around the bag, and a foam handle to support your grip whilst out and about.

- 37cm (14.5 inch) aperture
- 5 clip-system with a simple 'clip and close' action
- Fits any standard bag
